## Attachment A Scope of Work to be Performed

### Part or All of the Scope May be Sub-Granted

1. **Project Overview:** The proposed project is land acquisition and final design for a Decentralized Wastewater System for the Subrecipient’s Village Center. The designed system will be responsible for the collection, treatment, and disposal of the community’s wastewater. The proposed project area includes parcels within the State-designated Village Center and its adjacent buffer, and parcels and/or town owned properties identified within the Preliminary Engineering Report (PER). The design service area will comprise of a minimum of 15 service connections and will have a minimum design capacity of 5,000 gallons per day indirectly discharged to groundwater within the Lake Champlain watershed.

**Table 1: SFR Program Information**

SFR Program	5-Infrastructure
SFR Expenditure Category	EC 5.3 Clean Water: Decentralized Wastewater
SFR Project Name	Village Wastewater-South Hero Decentralized-Act74-Sec.G.700(a)(6)(B)
SFR Project ID No.	ANR-6140892203-017
Primary Place of Performance	333 U.S. Rte. 2, South Hero, VT 05486

There are three illicit discharges to the catch basin system identified within the Village area.
3. **Population Served:** The service area includes mixed use development including municipal and civic uses, single family and multifamily residential units, and commercial uses. Specific demographic information is difficult to obtain; however, our understanding is that there are rental units inhabited by low- and fixed-income residents, as well as higher income users, within the service area. Except for property, supplies, or equipment acquired using revenue loss funds, recipients must follow the applicable provisions of the Uniform Guidance regarding property standards (2 CFR 200.310-316). If a recipient changes the use of an asset to an ineligible use or sells the asset prior to the end of the period of performance, then the recipient must follow the disposition procedures in the Uniform Guidance. See 2 CFR 200.311, 200.313, 200.314, and 200.315. After the period of performance, the property, supplies, or equipment must be used consistent with the purpose for which it was purchased or improved or for any other eligible purpose in the same category as the purpose reported to Treasury as of the final reporting period.
